Chairman Review Report

Dear Shareholders,

I hereby present the 32nd Annual Accounts along with the audited financial statements of First Dawood Properties Limited showing all over performance of the Company and effectiveness of the leadership in attaining the Company's aims and objectives for the year ended June 30, 2026.

ECONOMIC OVERVIEW

Despite a tough operating environment amongst continued macroeconomic challenges and inflationary pressures, the Company continued the focus on its strategic and operational priorities, as we remain committed to deliver on our key performance indicators.

Pakistan's economy in FY2025-26 demonstrated a stabilizing recovery, recording a provisional GDP growth of 3.70% (up from 3.18% in FY24). Key drivers included a rebound in Large-Scale Manufacturing (6.11%), a resilient agriculture sector, and a current account surplus of US\$0.07 billion. However, the GDP growth missed its 4.2% target, and inflation saw a late resurgence, averaging 6.19% between March and April.

REAL ESTATE INDUSTRY CHALLENGES

Pakistan's real estate sector is navigating a major shift from speculative file-trading to transparent, value-driven asset ownership. Key industry challenges include; very high land cost, illegal possessions (Qabza), construction impediments, utility connections, liquidity issues, volatile material costs, and frequent tax revisions. Recent budget policies have introduced some relief for the sector; nevertheless above challenges remain in the industry for small to medium size enterprises.

FINANCIAL PERFORMANCE

In view of the aforementioned scenario prevailing in the country, it was promising to note that the Company was able to further improve the recovery of non-performing loans, your company's after tax profit during the year is Rs. 6.422 million only. Due to prevailing recessionary conditions in the country, the majority of company's debtors cannot manage their businesses' commitments; therefore the only ray of hope for the company is through the sale / adjustment of collateral and recovery from litigation. Nevertheless your company took aggressive measures to transform company's operations and today it is in a much better state. Since last year all qualifications earlier being made by external auditors have successfully been removed, which reflects stability and consolidation of your company after unprecedented global crisis of 2008-09, which severely impacted financial sector in general and NBFC/investment banks in particular.

It is encouraging and noteworthy that without any external assistance your company has been maintaining its liquidity and making payments to its creditors and meeting its administrative expenses. The management and the Board are confident that all these measures will translate into growth of your company.

BOARD OF DIRECTORS PERFORMANCE

The Board comprises of Directors with diverse and extensive experience in their respective fields, which enables the Board to perform its duties effectively and provide the requisite support to enable management to drive the company's performance. The Board is committed to ensuring good corporate governance through ethical and professional business conduct as well as effective risk and control management. The leadership and effectiveness of the Board are primarily the Chairman's responsibility. We, in the Board recognize the importance of, and are committed to, high standards of corporate governance, aligned with the needs of the company and the interest of all our stakeholders. All directors are aware of their duties and responsibilities. They review and approve the Company's financial statements in addition to all significant plans and decisions. The Audit Committee focuses on compliance with the best practices of corporate governance and relevant statutory requirements, changes in accounting policies, compliance with listing regulations, monitoring the internal and external audit functions, review of financial statements. The Human Resource and Remuneration Committee reviews human resources needs, compensation policies and plans, and executive compensation.

Acknowledgement

I would like to acknowledge team efforts and the Company's accomplishments and present standing could not have been possible without the commitment and efforts of our employees who deserve full compliments. I am also grateful to our bankers, shareholders, the SECP, Pakistan Stock Exchange, and other regulators for their cooperation and support.

Christopher John Aitken Andrew
Chairman

DIRECTORS' REPORT

Dear Shareholders,

The Directors of your Company are pleased to present to you the 32nd Annual Report annexed with Audited Financial Statements of the Company for the year ended June 30, 2026.

Board Composition and Remuneration

1. The total number of directors are 7 as per the following:

- a. Male: 06
- b. Female: 01

2. The composition of the board is as follows:

Category	Names
Independent Director	Mr. Iqbal Ahmed Mr. Aamir Ahsan Khan Mrs. Farhat Ali
Executive Director	Mr. Muhammad Rizwan-ul Haque
Non – Executive Directors	Mr. Christopher John Aitken Andrew Mr. Khurshid Abul Khair Mr. Abu Khursheed Muhammad Ariff

The company has a formal policy and transparent procedures for the remuneration of its Directors in accordance with Companies Act, 2017 and Listed Companies (Code of Corporate Governance) Regulations 2019. Revision in the remuneration shall, from time to time be determined by the Board of Directors on the recommendation of Human Resource & Remuneration (HR&R) committee.

The Remuneration of Chief Executive and director fee for attending the Board meeting paid to the Non- Executive Directors is disclosed on page no. 60 of Financial Statements for the year ended June 30, 2026.

Business Performance

During the year the company's results for 2026 reflect another year of sound performance that was enabled by aggressive strategy well executed by our management team in an environment where the real sector facing economic turmoil. The management continued its recovery drive with assertiveness resulted and successfully settled / restructured the loan liability with the Bank of Khyber, the company earned before tax profit to Rs.9.593M, and after tax profit to Rs. 6.422M as opposed to a before tax profit to Rs. 11.997M, and after tax profit to Rs. 6.372M last year. However, the net worth of your company has increased from Rs. 668.161M to Rs.683.768M due to cash recovery of NPLs.

The management of FDPL is continuing its efforts for recoveries and focusing its priority on reduction in non-performing portfolio and managing cash reserve despite adverse economic conditions. Correspondingly, the costs are also being controlled and overhead are being restricted. For the same reasons, we have restructured the operations and finance departments to ensure that the costs do not exceed the expected benefits. The company loan portfolio is down to its most chronic market defaulters; henceforth 'Legal Department' are making concerted efforts to negotiate and to settle with these non-performing loans. We are pleased to inform that these efforts have already borne fruits, as some of these loans have been restructured and revenue stream has started flowing from these defaulters. It is expected that once all such accounts are regularised, it will enhance company's financial health and corresponding values.

Company Overview

By the grace of Almighty Allah, company's financial position has been stable for quite some time. Since the company is managing its business expenses through internal cash flows, the only source to generate cash is recoveries from existing portfolio. The non performing portfolio of the company is down to its most chronic defaulters. However, your management is confident that the trend for the year's profit shall improve in coming years through recoveries.

FIRST DAWOOD PROPERTIES LIMITED

Financial Performance

Pakistan's real estate sector is a massive economic pillar, contributing roughly 3.7 trillion PKR to the national GDP and absorbing an estimated 60-70% of the country's wealth. Despite inflationary and political pressures, real estate remains the second-highest yielding asset class after stocks, bolstered by steady rental yields and overseas investments. The market & economic conditions, political instability and overall law & order situation in the country has adversely effected Real Estate sector. Earlier, the security and law & order issues were also hurting our recovery drive from lease / loan portfolio. Hence, the Company has been able to manage its business affairs only through its internal resources during last decade without any external financial support or a bail-out package, which indeed is a big achievement on its own account.

Economic Review

The Pakistani economy in FY 2026 showed broad-based stabilization, with real GDP growing at 3.7% to reach a size of \$452 billion and a per capita income of \$1,901. Inflation averaged 5.5%-6.7%, Large Scale Manufacturing (LSM) rebounded by 6.1%, and the fiscal deficit was effectively contained at 0.7% of GDP.

Key indicators and structural components characterizing the 2026 economic environment include:

Growth & Sectoral Performance: Real GDP growth was primarily driven by the services sector (4.09%), supported by agriculture (2.89%)-with wheat hitting a record 29.6 million tons-and the industrial sector rebounding.

Fiscal Consolidation: The government achieved a massive reduction in the fiscal deficit to just 0.7% of GDP, recording a primary surplus of 3.2% of GDP. This fiscal space was heavily bolstered by FBR tax collections of Rs. 10.3 trillion and a 23% drop in domestic debt servicing.

External Sector: Remittances from overseas Pakistanis provided vital resilience, jumping 8.2% to \$30.3 billion. Despite global trade pressures and disruptions in the Middle East, the current account managed a marginal surplus.

Future Outlook

A commercial building Basement+Ground+4 floors has been completed during the current financial year and it has been rented out during this financial year one of potential tenant. Further, recoveries are also expected from the existing portfolio, which will provide adequate cash flows for next 12-18 months. Hence, there are no issue of going concern for your company in the near future. The management is confident that it will continue to write back provisions as a result of expected recoveries which will not only result in better cash flows, but will also enhance profitability and the net worth of your company. The departments have been restructured and rationalized / right sized to reduce the payroll cost and overhead expenses. The proposed reduction in financing cost through restructuring / settlements with the lenders will assist in further reducing the losses and improving the equity. The company has changed its name and principle line of business to cater new business opportunities in Real Estate sector.

Acknowledgement

The Board of Directors appreciate the management and employees for their dedication, commitment, in these hard times being faced by the company. The management role in the on time decisions and continuous efforts for bringing out the company from severe financial crisis is being acknowledged and appreciated. We also take this opportunity to express our gratitude to our valued customers, business partners, external auditors, stake holders, bankers and shareholders for their support, trust and patronage. Last, but not the least, we humbly pay our gratitude to our regulator SECP, who kept on rendering their immense support and facilitative role, enabling FDPL to face these tough challenges.

بیرونی آڈیٹرز

موجودہ بیرونی آڈیٹرز، میسرز ایس ایم سہیل اینڈ کمپنی، چارٹرڈ اکاؤنٹنٹس کو مالی سال 26 میں تعینات کیا گیا تھا۔ مزید، وہ 30 جون 2027 کو ختم ہونے والے اکاؤنٹنگ سال کے لیے دوبارہ تقرری کے لیے خود کو پیش کرنے کے اہل ہیں۔ بیرونی آڈیٹرز کی تقرری آئندہ سالانہ جنرل میٹنگ میں منظوری سے مشروط ہوگی۔

متعلقہ پارٹی ٹرانزیکشن

تمام متعلقہ پارٹی ٹرانزیکشنز کو کمپنی کی آڈٹ کمیٹی کے سامنے رکھا گیا ہے اور کمیٹی کی سفارشات پر انہیں بورڈ کے سامنے جائزہ اور منظوری کے لیے رکھا گیا ہے۔

کارپوریٹ گورننس کا بیان

آپ کی کمپنی نے 30 جون 2026 کو ختم ہونے والے سال کے لیے متعلقہ کوڈ آف کارپوریٹ گورننس کی دفعات کو لاگو کیا ہے۔ کوڈ آف کارپوریٹ گورننس کی تعمیل کے بیان پر بیرونی آڈیٹرز کی جائزہ رپورٹ اس رپورٹ کے ساتھ منسلک ہے۔ ایس ای سی پی اور پاکستان اسٹاک ایکسچینج کی ہدایات کے مطابق، ڈائریکٹرز حسب ضرورت درج ذیل کی تصدیق کرتے ہیں:

- لسٹڈ کمپنی کی انتظامیہ کی طرف سے تیار کیے گئے مالیاتی بیانات، اس کے معاملات کی صورتحال، اس کے آپریشنز، کیش فلو اور ایکویٹی میں ہونے والی تبدیلیوں کے نتائج کو پیش کرتے ہیں۔
- لسٹڈ کمپنی کے حساب کتاب کی مناسب دیکھ بھال کی گئی ہے۔
- مالیاتی گوشواروں کی تیاری میں مناسب اکاؤنٹنگ پالیسیوں کو مستقل طور پر لاگو کیا گیا ہے اور اکاؤنٹنگ تخمینے معقول اور دانشمندانہ فیصلے پر مبنی ہیں۔
- بین الاقوامی مالیاتی رپورٹنگ کے معیارات، جیسا کہ پاکستان میں لاگو ہوتا ہے، مالیاتی گوشواروں کی تیاری میں پیروی کی گئی ہے اور وہاں سے کسی بھی روانگی کے بارے میں مناسب طور پر انکشاف اور وضاحت کی گئی ہے۔
- اندرونی کنٹرول کا نظام ڈیزائن میں درست ہے اور اسے مؤثر طریقے سے لاگو کیا گیا ہے اور اس کی نگرانی کی گئی ہے۔ اور

آپریٹنگ نتائج میں اہم انحراف

کمپنی کے آپریٹنگ نتائج میں اہم انحراف بنیادی طور پر اس حقیقت کی وجہ سے تھے کہ موجودہ سال کے دوران کمپنی نے بقایا واجبات کا تصفیہ کیا۔

بغیر سود کے قرض پر غیر منقولہ چھوٹ کی وجہ سے کمپنی کا ٹیکس سے پہلے کا منافع گزشتہ سال نسبتاً کم ہوا۔

اہم مالیاتی جھلکیاں

پچھلے چھ سالوں کے کلیدی آپریٹنگ اور مالیاتی ڈیٹا کا خلاصہ سالانہ رپورٹ کے صفحہ 4 پر ظاہر کیا گیا ہے۔

ڈیویڈنڈ

بورڈ آف ڈائریکٹرز نے کمپنی کی مالی حالت کا جائزہ لینے کے بعد، سال کے لیے ڈیویڈنڈ کی ادائیگی یا بونس حصص کے اجراء کی سفارش نہ کرنے کو سمجھداری سمجھا۔

اقتصادی جائزہ

مالی سال 2026 میں پاکستانی معیشت نے وسیع البنیاد استحکام کا مظاہرہ کیا، حقیقی جی ڈی پی 3.7 فیصد بڑھ کر 452 بلین ڈالر اور فی کس آمدنی 1,901 ڈالر تک پہنچ گئی۔ افراط زر کی اوسطاً 5.5%-6.7%، بڑے پیمانے پر مینوفیکچرنگ (LSM) میں 6.1% کا اضافہ ہوا، اور مالیاتی خسارہ مؤثر طریقے سے GDP کے 0.7% پر موجود تھا۔

2026 کے اقتصادی ماحول کو نمایاں کرنے والے کلیدی اشارے اور ساختی اجزاء میں شامل ہیں:

ترقی اور شعبہ جاتی کارکردگی: حقیقی جی ڈی پی کی نمو بنیادی طور پر خدمات کے شعبے (4.09%)، زراعت (2.89%) کی مدد سے چلائی گئی — جس میں گندم نے 29.6 ملین ٹن ریکارڈ کیا — اور صنعتی شعبے کی بحالی۔

مالی استحکام: حکومت نے مالیاتی خسارے کو جی ڈی پی کے صرف 0.7 فیصد پر لا کر جی ڈی پی کا 3.2 فیصد کا بنیادی سرپلس ریکارڈ کیا۔ اس مالیاتی جگہ کو ایف بی آر کی ٹیکس وصولیوں سے بہت زیادہ تقویت ملی۔ 10.3 ٹریلین اور گھریلو قرض کی خدمت میں 23 فیصد کمی۔

بیرونی شعبہ: بیرون ملک مقیم پاکستانیوں کی جانب سے ترسیلات زر نے اہم لچک فراہم کی، جو 8.2 فیصد اضافے کے ساتھ 30.3 بلین ڈالر تک پہنچ گئی۔ عالمی تجارتی دباؤ اور مشرق وسطیٰ میں رکاوٹوں کے باوجود، کرنٹ اکاؤنٹ نے معمولی سرپلس کا انتظام کیا۔

مستقبل کا آؤٹ لک

ایک کمرشل عمارت بیسمنٹ + گراؤنڈ + 4 منزلیں رواں مالی سال کے دوران مکمل کی گئی ہیں اور اسے اس مالی سال کے دوران ممکنہ کرایہ دار میں سے ایک کرائے پر دیا گیا ہے۔ مزید برآں، موجودہ پورٹ فولیو سے بھی وصولیوں کی توقع ہے، جو اگلے 12-18 مہینوں کے لیے مناسب نقد بہاؤ فراہم کرے گی۔ لہذا، مستقبل قریب میں آپ کی کمپنی کے لیے تشویش کا کوئی مسئلہ نہیں ہے۔ انتظامیہ کو یقین ہے کہ وہ متوقع وصولیوں کے نتیجے میں پروویژنز کو واپس لکھنا جاری رکھے گا جس کے نتیجے میں نہ صرف بہتر کیش فلو ہوگا بلکہ آپ کی کمپنی کے منافع اور خالص مالیت میں بھی اضافہ ہوگا۔ بے رول کی لاگت اور اوور ہیڈ اخراجات کو کم کرنے کے لیے محکموں کی تنظیم نو کی گئی ہے اور ان کی معقولیت/درست سائز کی گئی ہے۔ قرض دہندگان کے ساتھ تنظیم نو/تصفیہ کے ذریعے مالیاتی لاگت میں مجوزہ کمی نقصانات کو مزید کم کرنے اور ایکویٹی کو بہتر بنانے میں معاون ثابت ہوگی۔ کمپنی نے رئیل اسٹیٹ سیکٹر میں کاروبار کے نئے مواقع فراہم کرنے کے لیے اپنا نام اور کاروبار کا اصول تبدیل کر دیا ہے۔

اندرونی کنٹرول اور آڈٹ فنکشن

اندرونی کنٹرول کا نظام ڈیزائن میں درست ہے اور اسے مؤثر طریقے سے لاگو کیا گیا ہے اور اس کی نگرانی کی گئی ہے۔ مزید برآں، بورڈ کی نگرانی اور معاونت کے لیے آپ کی کمپنی کا اندرونی آڈٹ فنکشن ہے جو براہ راست آڈٹ کمیٹی کو رپورٹ کرتا ہے۔

اکاؤنٹنگ پالیسیاں اور تخمینہ

مالیاتی گوشواروں کی تیاری میں مناسب اکاؤنٹنگ پالیسیوں کو مستقل طور پر لاگو کیا گیا ہے سوائے ان تبدیلیوں کے جو معیارات کے ابتدائی اطلاق، موجودہ معیارات میں ترامیم یا تشریحات کے نتیجے میں، جیسا کہ مالیاتی بیانات کے نوٹ 3 میں بیان کیا گیا ہے۔ اکاؤنٹنگ تخمینے معقول اور دانشمندانہ فیصلے پر مبنی ہوتے ہیں۔

FIRST DAWOOD PROPERTIES LIMITED

کے لیے ٹھوس کوششیں کر رہا ہے۔ ہمیں یہ بتاتے ہوئے خوشی ہو رہی ہے کہ یہ کوششیں پہلے ہی ثمر آور ہو چکی ہیں، کیونکہ ان میں سے کچھ قرضوں کی تنظیم نو ہو چکی ہے اور ان نادہندگان سے ریونیو کا سلسلہ شروع ہو گیا ہے۔ امید کی جاتی ہے کہ ایک بار ایسے تمام کھاتوں کو ریگولرائز کرنے کے بعد، اس سے کمپنی کی مالی صحت اور متعلقہ اقدار میں اضافہ ہوگا۔

کمپنی کا جائزہ

اللہ تعالیٰ کے فضل و کرم سے کمپنی کی مالی حالت کافی عرصے سے مستحکم ہے۔ چونکہ کمپنی اپنے کاروباری اخراجات کا انتظام اندرونی نقد بہاؤ کے ذریعے کر رہی ہے، اس لیے کیش پیدا کرنے کا واحد ذریعہ موجودہ پورٹ فولیو سے وصولیاں ہیں۔ کمپنی کا نان پرفارمنگ پورٹ فولیو اس کے سب سے زیادہ دائمی ڈیفالٹرز کے پاس ہے۔ تاہم، آپ کی انتظامیہ کو یقین ہے کہ سال کے منافع کے رجحان میں ریکوری کے ذریعے آنے والے سالوں میں بہتری آئے گی۔

مالی کارکردگی

پاکستان کا رئیل اسٹیٹ سیکٹر ایک بہت بڑا معاشی ستون ہے، جو قومی جی ڈی پی میں تقریباً 3.7 ٹریلین PKR کا حصہ ڈالتا ہے اور اندازاً 60-70% ملک کی دولت کو جذب کرتا ہے۔ افراط زر اور سیاسی دباؤ کے باوجود، رئیل اسٹیٹ اسٹاک کے بعد دوسری سب سے زیادہ پیداوار دینے والی اثاثہ کلاس ہے، جس کو مستحکم کرائے کی پیداوار اور بیرون ملک سرمایہ کاری سے تقویت ملتی ہے۔ مارکیٹ اور معاشی حالات، سیاسی عدم استحکام اور ملک میں امن و امان کی مجموعی صورتحال نے رئیل اسٹیٹ سیکٹر کو بری طرح متاثر کیا ہے۔ قبل ازیں، سیکورٹی اور امن و امان کے مسائل بھی لیز/لون پورٹ فولیو سے ہماری ریکوری مہم کو متاثر کر رہے تھے۔ اس لیے، کمپنی پچھلی دہائی کے دوران کسی بیرونی مالی معاونت یا بیل آؤٹ پیکج کے بغیر اپنے کاروباری معاملات کو صرف اپنے اندرونی وسائل کے ذریعے منظم کرنے میں کامیاب رہی ہے، جو کہ اس کے اپنے حساب سے ایک بڑی کامیابی ہے۔

ڈائریکٹرز کی رپورٹ:

پیارے شیئر ہولڈرز،

آپ کی کمپنی کے ڈائریکٹرز کو آپ کے سامنے 30 جون 2026 کو ختم ہونے والے سال کے لیے کمپنی کے آڈٹ شدہ مالیاتی بیانات کے ساتھ منسلک 32 ویں سالانہ رپورٹ پیش کرتے ہوئے خوشی ہو رہی ہے۔

بورڈ کی تشکیل اور معاوضہ

1. مندرجہ ذیل کے مطابق ڈائریکٹرز کی کل تعداد 7 ہے۔

a. مرد:	06
b. عورت:	01

2. بورڈ کی تشکیل حسب ذیل ہے:

نام	زمرہ
جناب اقبال احمد جناب عامر احسن خان محترمہ فرحت علی	آزاد ڈائریکٹر
جناب محمد رضوان الحق	چیف ایگزیکٹو آفیسر
مسٹر کرسٹوفر جان ایٹکن اینڈریو جناب خورشید ابوالخیر جناب ابو خورشید محمد عارف	غیر ایگزیکٹو ڈائریکٹرز

کمپنی کے پاس کمپنیز ایکٹ، 2017 اور لسٹڈ کمپنیز (کوڈ آف کارپوریٹ گورننس) ریگولیشنز 2019 کے مطابق اپنے ڈائریکٹرز کے معاوضے کے لیے ایک باضابطہ پالیسی اور شفاف طریقہ کار ہے۔

بورڈ کے اجلاس میں شرکت کے لیے چیف ایگزیکٹو اور ڈائریکٹر فیس کا معاوضہ جو غیر ایگزیکٹو ڈائریکٹرز کو ادا کیا گیا ہے صفحہ نمبر پر ظاہر کیا گیا ہے۔ 30 جون 2026 کو ختم ہونے والے سال کے مالی بیانات کا ___ اور ___۔

کاروباری کارکردگی

سال کے دوران 2026 کے لیے کمپنی کے نتائج بہتر کارکردگی کے ایک اور سال کی عکاسی کرتے ہیں جسے ہماری انتظامی ٹیم کی جانب سے ایک ایسے ماحول میں جہاں حقیقی شعبے کو معاشی بدحالی کا سامنا ہے، جارحانہ حکمت عملی کے ذریعے فعال کیا گیا تھا۔ انتظامیہ نے ثابت قدمی کے ساتھ اپنی ریکوری مہم کو جاری رکھا جس کے نتیجے میں بینک آف خیبر کے ساتھ قرض کی ذمہ داری کو کامیابی کے ساتھ طے/ری اسٹرکچر کیا گیا، کمپنی نے ٹیکس سے پہلے کا منافع 9.593M روپے تک کمایا، اور بعد از ٹیکس منافع روپے۔ 6.422M روپے قبل از ٹیکس منافع کے برخلاف 11.997M، اور بعد از ٹیکس منافع روپے۔ گزشتہ سال 6.372M تاہم، آپ کی کمپنی کی خالص مالیت روپے سے بڑھ گئی ہے۔ NPLs کی کیش ریکوری کی وجہ سے 668.161M سے Rs.683.768M۔

FDPL کی انتظامیہ ریکوری کے لیے اپنی کوششیں جاری رکھے ہوئے ہے اور منفی معاشی حالات کے باوجود نان پرفارمنگ پورٹ فولیو میں کمی اور کیش ریزرو کے انتظام پر اپنی ترجیحات پر توجہ مرکوز کر رہی ہے۔ اسی طرح، اخراجات کو بھی کنٹرول کیا جا رہا ہے اور اوور ہیڈ کو محدود کیا جا رہا ہے۔ انہی وجوہات کی بنا پر، ہم نے آپریشنز اور فنانس ڈیپارٹمنٹس کی تنظیم نو کی ہے تاکہ اس بات کو یقینی بنایا جا سکے کہ اخراجات متوقع فوائد سے زیادہ نہ ہوں۔ کمپنی کا لون پورٹ فولیو اپنے سب سے دائمی مارکیٹ ڈیفالٹرز کے پاس ہے۔ اب سے 'قانونی محکمہ' ان غیر فعال قرضوں کے ساتھ بات چیت اور تصفیہ کرنے

INDEPENDENT AUDITOR'S REVIEW REPORT

TO THE MEMBERS OF FIRST DAWOOD PROPERTIES LIMITED

REVIEW REPORT ON THE STATEMENT OF COMPLIANCE CONTAINED IN THE LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of First Dawood Properties Limited (the Company) for the year ended **June 30, 2026**, in accordance with the requirements of Regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the company's compliance with the provisions of the Regulations and report if it does not, and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and a review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures, and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance with this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention that causes us to believe that the Statement of Compliance does not appropriately reflect the company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2026.

SMSO

Further, we highlight below instances of non-compliance with the requirement(s) of the Regulations as reflected in the paragraph reference where these are stated in the Statement of Compliance.

Sr.no	Description	Regulation Reference	Explanation
1.	Responsibilities of the Board and its members: The Board is responsible for adopting corporate governance practices by the company.	10(1)	The provisions of the Regulations are partially complied. The company is non-compliant with certain requirements, other than regulations 3,6,7,8,27,32, 33,36 of the Regulations.
2.	Directors' Training: It is encouraged that all the directors on their Boards have acquired the prescribed certification under any director training program offered by institutions, local or foreign, that meet the criteria specified by the Commission and approved by it.	19	Currently, no member of the Board is certified under the Directors' Training Program. The Directors of the Company are experienced and seasoned corporate professionals and are well-conversant with the relevant laws applicable to the Company, its policies and procedures and provisions of memorandum and articles of association and are well aware of their duties and responsibilities
3.	Qualification of the company secretary: The same person shall not simultaneously hold the office of chief financial officer and the Company Secretary. Currently, these positions are held by the same person	24	The Chief Financial Officer has also been assigned the responsibilities of Company Secretary. Due to financial constraints, the Company scarcely manages its expenses.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF FIRST DAWOOD PROPERTIES LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the annexed financial statements of **First Dawood Properties Limited** (the Company), which comprise the statement of financial position as at **June 30, 2026**, the statement of profit or loss and other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows together with the notes forming part thereof, conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at **June 30, 2026** and of the profit, other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

SMS

Following is the key audit matter:

Key audit matter	Matter addressed in our audit
Contingencies (Refer to notes 28 to the financial statements)	
There are several ongoing lawsuits / litigations pending before the Courts of Law, the ultimate outcome of which cannot presently be determined. Management, in consultation with its external legal counsel, evaluates the probability of outcomes to determine the requirement for provision or disclosure. We identified this area as a Key Audit Matter due to the significant amounts involved, potential future liabilities, inherent uncertainties with respect to the outcome of legal matters, and the significance of these contingencies in relation to the financial statements.	Our audit procedures to address this matter included, among others: - Evaluated management's internal processes and controls over the identification, evaluation, and reporting of pending litigations. - Reviewed board minutes, legal fee accounts, and relevant case documentation to identify any unrecorded contingencies. - Obtained direct confirmations from the Company's external legal counsels regarding the current status and potential financial impact of ongoing cases. - Evaluated management's judgments and assumptions regarding provision recognition versus contingency disclosure in line with IAS 37. - Inspected post-reporting date court rulings, proceedings, or settlements to assess their impact on the financial statements. - Assessed the adequacy and appropriateness of disclosures made in the financial statements in accordance with applicable statutory requirements.

Information Other Than the Financial Statements and Auditor's Report Thereon

Management of the Company is responsible for other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concerned and using the going concern basis of accounting, unless the management either intends to liquidate the Company or to cease the operations or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit by ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

SMS/CO

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any deficiencies in internal control identified during our audit.

We also provide the Board of Directors with a statement we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

SMS/CO

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017).
- b) the statement of financial position, the profit and loss account, the statement of comprehensive income, the statement of changes in equity, and the statement of cash flow together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XXI of 2017), and are in agreement with the books of account;
- c) investments made, expenditure incurred, and guarantees extended during the year were for the purpose of the Company's business; and
- d) No zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is S.M. Suhail, FCA.

Yours truly

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

3 NEW STANDARDS INTERPRETATIONS AND AMENDMENTS TO PUBLISHED ACCOUNTING AND REPORTING STANDARDS

3.1 Standards, amendments to published standards and interpretations that are effective in the current year

There are certain amendments and interpretations to the accounting and reporting standards which are mandatory for the Company's annual accounting period which began on July 1, 2025. However, these do not have any significant impact on the Company's financial reporting.

3.2 Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by the Company

The following new standards, amendments to existing standards and interpretations have been published and are mandatory for the Company's accounting periods beginning on or after 01 July 2026 or later periods, but the Company has not early adopted them:

Standard / Amendment	Description effective for periods	Effective for periods beginning on or after
IFRS 18	Presentation and Disclosure in Financial Statements (replaces IAS 1)	1-Jan-27
IFRS 19	Subsidiaries without Public Accountability: Disclosures	1-Jan-27
Amendments to IAS 21	Translation to a Hyperinflationary Presentation Currency	1-Jan-27
Amendments to IFRS 10 and IAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred indefinitely

The Company is currently in the process of assessing the impact of these standards and amendments, in particular IFRS 18, on its financial statements and related disclosures. Except for the above, there are no other standards, amendments or interpretations that are expected to have a material impact on the Company's financial statements.

4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements in conformity with the approved accounting and reporting standards as applicable in Pakistan requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, income and expenses. It also requires the management to exercise judgment in application of its accounting policies. The estimates, judgments and associated assumptions are based on the management's experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

Classification of investments.

Accounting for defined benefit plan note.

Depreciation / amortization and impairment of operating fixed assets and intangible assets

Provision for taxation (current and prior years) and deferred taxation.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

5 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies set out below have been applied consistently to all periods presented in these financial statements.

5.1 Property and equipment Owned

These are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset.

Depreciation is charged to the statement of profit or loss on a straight-line basis over the estimated useful life of the assets at the rates specified in note 6 to these financial statements after taking into account residual value, if significant. Depreciation on additions is charged from the month when the asset is available for use, and on disposals up to the preceding month.

Normal repairs and maintenance are charged to the statement of profit or loss as and when incurred. Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the item of property and equipment. The residual values and useful lives of assets are reviewed and adjusted, if appropriate, at each reporting date.

An item of property and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising on derecognition of an item of property and equipment is determined as the difference between the sales proceeds and the carrying amounts of the asset and is recognised in as other income in the statement of profit or loss.

5.2 Intangible assets

Intangible assets acquired separately are initially recognized at cost. After initial recognition, these are measured at cost less accumulated amortization and accumulated impairment losses. Costs associated with the routine maintenance of intangible assets are recognized as an expense when incurred. However, costs that are directly attributable to identifiable intangible assets and which enhance or extend the performance of intangible assets beyond the original specification and useful life are recognized as capital improvements and added to the original cost of the software.

Amortization is charged so as to allocate the cost of assets over their estimated useful lives, using the straight-line method at the rates specified in to the financial statements.

5.3 Investment Property

Investment property, which is property held to earn rentals and/or for capital appreciation, including property under construction for such purposes, is measured initially at its cost, including transaction costs.

Subsequent to initial recognition, investment property measured at fair value. The changes in fair value recognised in the statement of profit or loss. Any other investment property (whose fair value cannot be measured reliably) is measured at cost less accumulated depreciation and any impairment loss.

The fair value of investment property is determined at the end of each year using current market prices for comparable real estate, adjusted for any differences in nature, location and condition.

5.4 Net investment in Finance Lease

Leases where the Company transfers substantially all the risks and rewards incidental to ownership of the asset to the lessees are classified as finance leases. Net investment in lease finance is recognized at an amount equal to the aggregate of minimum lease payments including any guaranteed residual value, if any, and excluding unearned finance income, write-offs and provision for potential lease losses, if any.

The Company entered into a settlement agreement with Bank of Khyber (BOK) whereby liability equivalent to the differential between the outstanding loan and investment in PIBs was written back. The liability is being reinstated over time based on profit earned on PIBs and recorded under unwinding of discount in the profit and loss account.

FIRST DAWOOD PROPERTIES LIMITED

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

Contingent rents are recognised as revenue in the period in which they are earned.

5.5 Provision for potential lease and other loan losses and write offs

The provision for bad and doubtful loans and advances / potential lease losses, if any, is made in accordance with the requirements of the Non-Banking Financial Companies and Notified Entities Regulations, 2008 issued by the SECP.

Loans and advances and outstanding balances in net investment in finance lease are written off when there is no realistic prospect of recovery.

5.6 Financial instruments

Financial assets and financial liabilities are recognized when an entity becomes a party to the contractual provisions of the instruments. A financial instrument is any contract that give rise to financial asset of one entity and a financial liability and equity of another entity.

Financial assets

a) Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under IFRS-15 as explained in relevant note Revenue from Contracts with Customers.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

b) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories: Financial assets at amortised cost (debt instruments). The Company measures financial assets at amortised cost if both of the following conditions are met:

- It is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and Interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the EIR method and are subject to impairment gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

FIRST DAWOOD PROPERTIES LIMITED

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

i) Financial assets at fair value through OCI (debt instruments)

The Company measures financial assets at fair value through OCI if both of the following conditions are met:

- The financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and Interest on the principal amount outstanding.

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation, and impairment losses or reversals are recognised in the statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to profit or loss.

ii) Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the statement of profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI.

For financial assets that are actively traded in organized financial markets, fair value is determined by reference to stock exchange quoted market bids at the close of business on the reporting date.

Unquoted financial assets, where the fair value cannot be reliably determined, are recognized at break up value less impairment, if any. Provision for impairment in value, if any, is taken to income currently.

iii) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value.

Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments.

Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the statement of profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Company's statement of financial position) when:

FIRST DAWOOD PROPERTIES LIMITED

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

- The rights to receive cash flows from the asset have expired; or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - (a) The Company has transferred substantially all the risks and rewards of the asset, or
 - (b) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that rejects the rights and obligations that the Company has retained.

- Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying Amount of the asset and the maximum Amount of consideration that the Company could be required to repay.

Impairment of financial assets

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward- looking factors specific to the debtors and the economic environment.

For debt instruments at fair value through OCI, the Company applies the low credit risk simplification. At each reporting date, the Company evaluates whether the debt instrument is considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort. In making that evaluation, the Company reassesses the internal credit rating of the debt instrument. In addition, the Company considers that there has been a significant increase in credit risk when contractual payments are more than 30 days past due.

The Company considers a financial asset in default when contractual payments are 30 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Financial liabilities

a) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

FIRST DAWOOD PROPERTIES LIMITED

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

b) Subsequent measurement

i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognized in the statement of comprehensive income. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied. The Company has not designated any financial liability as at fair value through profit or loss.

ii) Financial liabilities at amortized cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective interest rate (EIR) method.

Gains and losses are recognized in statement of comprehensive income when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of comprehensive income.

Off-setting of financial assets and financial liabilities

A financial asset and a financial liability is offset and the net amount is reported in the financial statements if the Company has a legally enforceable right to set-off the transaction and also intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

5.7 Investment in associates

Associates are all entities over which the Company has significant influence but not control or joint control. This is generally the case where the Company holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

Under the equity method, the investment in the associate is carried in the statement of financial position at cost plus post acquisition changes in the Company's share of net assets of the associate. After application of the equity method, the Company determines whether it is necessary to recognize any additional impairment loss with respect to the Company's net investment in the associate. The statement of profit or loss reflects the share of the results of operations of the associate. Where there has been a change recognised directly in the equity of the associate, the Company recognizes its share of any changes and discloses this, when applicable, in the statement of changes in equity.

FIRST DAWOOD PROPERTIES LIMITED

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

When the Company's share of losses in an equity-accounted investment equals or exceeds its interest in the entity the Company does not recognise further losses, unless it has incurred obligations or made payments on behalf of the investee company.

Unrealised gains on transactions between the Company and its associates are eliminated to the extent of the Company's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

When the Company ceases to equity account for an investment because of a loss of significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequent accounting for the retained interest as a financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Company had directly disposed off the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to retained earnings.

If the ownership interest in an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

5.8 Long term finances and loans

These are initially recognised at cost being the fair value of consideration given together with the associated transaction cost. These are stated at net of provisions against non-performing advances. Provisions are made in accordance with the guidance in the NBFC Regulations issued by the Securities and Exchange Commission of Pakistan. The net provision made/ reversed during the year is charged to the statement of profit or loss and accumulated provision is netted-off against advances.

5.9 Sale and repurchase agreements

Transactions of purchase under resale (reverse-repo) of marketable securities are entered into at contracted rates for specified periods of time following the trade date accounting. Securities purchased with a corresponding commitment to resale at a specified future date (reverse-repos) are not recognized in the statement of financial position. Amounts paid under these agreements in respect of reverse repurchase transactions are included in assets. The difference between purchase and resale price is treated as income and accrued over the period of the reverse repo agreement.

Transactions of sale under repurchase (repo) of marketable securities are entered into at contracted rates for specified periods of time. Securities sold with a simultaneous commitment to repurchase at a specified future date (repos) continue to be recognized in the statement of financial position and are measured in accordance with accounting policies for investments. The counterparty liabilities for amounts received under these transactions are recorded as liabilities. The difference between sale and repurchase price is treated as borrowing charges and accrued over the period of the repo agreement.

5.10 Staff retirement benefits Defined contribution plan

Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contribution into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in the statement of comprehensive income when they are due. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in future payments is available.

The Company operates a defined contribution plan in the form of provident fund scheme for the permanent employees. Equal monthly contributions to fund are made by the Company and employee at the of 10% per annum of the basic salary. The Company's contributions

FIRST DAWOOD PROPERTIES LIMITED

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as an asset.

5.11 Borrowing costs

Borrowing costs are recognized as an expense in the period in which these are incurred except where such costs are directly attributable to the acquisition, construction or production of a qualifying asset in which case such costs are capitalized as part of the cost of that asset. Borrowing costs eligible for capitalization are determined using effective interest method.

5.12 Provisions

Provisions for legal claims, service warranties and make good obligations are recognised when the group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

5.13 Contingent liabilities

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

5.14 Taxation

Current

The charge for current taxation is based on taxable income at the current rate of taxation or minimum tax under section 113 or alternate corporate tax under section 113C of ITO, 2001 whichever is higher after taking into account applicable tax credit, rebates and exemption available if any. For income covered under final tax regime, taxation is based on applicable tax rates under such regime. The charge for current tax also includes adjustment for prior years or otherwise considered necessary for such year.

Levy

The tax charged under Income tax Ordinance, 2001 which is not based on taxable profit or any amount paid / payable in excess of the calculation based on taxable income, which is not adjustable against the future tax liability, is classified as levy in the statement of profit or loss as these levies fall under the scope of IFRIC 12 / IAS 37.

FIRST DAWOOD PROPERTIES LIMITED

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

Deferred

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses and credits only if it is probable that future taxable amounts will be available to utilise those temporary differences and unused tax losses and credits.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

5.15 Impairment

Non-financial assets

The Company assesses at each reporting date whether there is any indication that non-financial assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount.

Where carrying values exceed the respective recoverable amount, assets are written down to their recoverable amounts and the resulting impairment loss is recognized in statement of profit or loss. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

Where impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised recoverable amount but limited to the extent of the carrying amount of the asset which it would have been, had no impairment loss been recognized. Reversal of impairment loss is recognized as income.

Financial assets other than covered under IFRS 9 Loans and net investment in finance lease

Impairment testing and recognition of impairment loss if any, is carried out in accordance with requirements of NBFC Regulations, 2008.

5.16 Revenue recognition

The Company follows the financing method in accounting for recognition of finance lease contracts. Under this method, the unearned income i.e., the excess of aggregate lease rentals and the estimated residual value over the cost of the leased asset is deferred and then amortised over the term of the lease applying the annuity method, so as to produce a constant rate of return on net investment in the finance leases. Front end fee, documentation charges, gain/ loss on termination of lease contracts, commitment fee and other commissions, if any, are taken to income when earned. Revenue from finance lease is not accrued when rent is past due by ninety days or more.

FIRST DAWOOD PROPERTIES LIMITED

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

- Mark-up/ interest on long term lease finances, mortgage finances, long term loans, lease and Murabaha finances are recognised on a time proportion basis except that mark-up/ interest/ return on classified loans, lease finance and investments are recognised on receipt basis. Return on preference shares and term finance certificate is recognized using the effective interest method.
 - Reversal of provision is recognized as per requirement of NBFC regulations.
 - Dividend income from investments is recognized when the right to receive the dividend is established.
- Gain/ loss on sale of investments is taken to income in the period in which it arises.
- Unrealized gains/ losses arising on the remeasurement of Securities classified as financial assets at fair value through profit or loss are included in the statement of profit or loss in The Year in which they arise.
 - rental income on investment property is recognized on an accrual basis.

5.17 Foreign currency transactions and translation

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains or losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. They are deferred in OCI if they relate to qualifying cash flow hedges and qualifying net investment hedges or are attributable to part of the net investment in a foreign operation. Foreign exchange gains or losses that relate to borrowings are presented in the statement of profit or loss, within finance costs. All other foreign exchange gains or losses are presented in the statement of profit or loss on a net basis within other income or other expenses.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equities held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equities measured at fair value through OCI are recognised in other comprehensive income.

In determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which the Company initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, the Company determines the transaction date for each payment or receipt of advance consideration.

5.18 Fiduciary assets

Assets held in trust or in a fiduciary capacity are not treated as assets of the Company and accordingly are not included in these financial statements.

5.19 Assets classified as held for sale

These assets are acquired in settlement of certain loans/lease receivables. The Company classifies an asset as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use.

FIRST DAWOOD PROPERTIES LIMITED

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

An asset held for sale is carried at the lower of its carrying amount and the fair value less costs to sell. Impairment losses are recognised through the statement of profit or loss for any initial or subsequent write-down of the non-current asset to fair value less costs to sell. Subsequent gains in fair value less costs to sell are recognised to the extent they do not exceed the cumulative impairment losses previously recorded. An asset held for sale is not depreciated.

5.20 Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash at banks and on hand and short-term highly liquid deposits with a maturity of three months or less, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

5.21 Trade and other payables

These amounts represent liabilities for goods and services obtained prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 12 months of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

5.22 Earnings per share

Basic Earnings Per Share (EPS) is calculated by dividing profit after tax attributable to ordinary shareholders adjusted for the after-tax amounts of preference dividends on preference shares classified as equity by the weighted average number of ordinary shares outstanding during the year.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding adjusted for the effects of all dilutive potential ordinary shares.

5.23 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting structure. Management monitors the operating results of its business units separately for the purpose of making decisions regarding resources allocation and performance assessment. Segment results, assets and liabilities includes items directly attributable to segment as well as those that can be allocated on a reasonable basis.

5.24 Dividend distributions and appropriations

Dividend distributions and appropriations other than statutory appropriations are recorded in the period in which they are approved.

- 24.1** The Company had obtained financing from House Building Finance Corporation (HBFC). Upon maturity of the financing in June 2009, the Company was unable to settle the outstanding amount due to liquidity constraints. Consequently, HBFC initiated legal proceedings and obtained a decree in March 2016 for recovery of Rs. 75 million together with the applicable cost of funds.

Pursuant to the Order of the Honourable Supreme Court of Pakistan, the outstanding liability was to be settled through cash payments and the pro-rata release of cash and securities held by the Nazir of the High Court as disclosed in note 14. Based on an independent assessment by JCR-VIS Credit Rating Company, the cost of funds was determined at 4.70%, and the Company has accounted for the related liability on this basis. Management believes that the repayments have been made in accordance with the Court's directions.

Subsequently, HBFC initiated execution proceedings, contending that the decretal amount has not been fully recovered. The Company has challenged the related order before the competent court. In addition, the Company has filed a constitutional petition before the Honourable High Court of Sindh against the determination of the cost of funds by the State Bank of Pakistan at 34.64%, on the basis that such rate does not appropriately represent the actual cost of funds. The Company's legal counsel is of the view that the Company has a reasonably strong case on merits.

As the matter remains sub judice and the ultimate outcome cannot presently be determined with reasonable certainty, no additional provision has been recognized in these financial statements beyond the liability already recorded based on the JCR-VIS determined cost of funds rate of 4.70%.

28 CONTINGENCIES AND COMMITMENTS

28.1 Contingent liabilities

	Name of the court, agency or authority	Description of the factual basis of the proceeding and relief sought	Principal Parties	Date instituted
i	High Court Sindh of Karachi	A guarantee of Rs. 465 million against the repayment of sukuk has been called which is currently under litigation. Based on the opinion of the legal advisors of the Company, the Company has good merits to defend the case as the guarantee never became operational due to default on the part of the trustee of the sukuk issue. The leave to defend applications of the defendants remain pending before the Honourable High Court of Sindh at Karachi.	First Credit and Investment Bank and other Vs. Three Star Hosiery Mills Ltd.	9/17/2012
ii	Banking Court No. II Karachi	A suit filed by the Company under the Financial Institutions (Recovery of Finance) Ordinance 2001 seeking a decree in the sum of Rupees 15 million plus markup of Rupees 7,398,493 calculated from 5 August 2008 at the Second Sukuk Facility rate of 17% together with cost of funds from 30 June 2011 till date of payment. Initially, this claim was filed as a counter-claim in Suit No. 445 of 2010 (instituted by the Defendant against the Company and decreed on 16 December 2011). However, in view of recent judgments of the High Court and instructions received the counter claim was not passed and these new proceedings were filed on the basis of the same cause of action. The case has now proceeded to the stage of final arguments before the Banking Court No. II at Karachi.	FDIBL Vs. Bank Islami Pakistan Limited	8/5/2008
iii	Sindh High Court Karachi	A guarantee of Rs. 250 million against the repayment of sukuk was called as the principal debtor defaulted in payment of installments of the said sukuk. The Trustee of the sukuk has filed a recovery suit against the Company in the SHC, which is pending adjudication. Based on opinion of the legal advisors of the Company, the Company has good merits to defend the case as its view the guarantee never became operational on technical grounds of non-fulfillment of pre-conditions. The matter is currently pending before the Honourable High Court of Sindh at Karachi. The next date of hearing is 10 August 2026.	FDIBL versus New Allied Electronics (Pvt) Ltd.	3/14/2009
iv	Sindh High Court Karachi	The investment of DFI matured on June 30, 2009, but due to liquidity crunch the company could not timely make the repayment. Since, the investing 'Development Financial Institution' (DFI) did not agree to settle the outstanding against available assets of the company (like other financial institutions), therefore it filed a legal suit. It obtained a decree in March 2016 of Rs. 75.0M plus cost of fund, which was payable within a year (i.e. by March 2017) in 12-installments. Further as per the Order of Honorable 'Supreme Court of Pakistan' (SCP), the DFI was to release the cash & securities on a pro-rata basis, which were held by the Nazir of High court in this case. The DFI shared a 'cost of fund' inclusive of; Administrative expenses and Provision costs (in addition to actual cost of funds). In view of the above, the Company took assistance of report of the Credit Rating Agency for 'cost of fund' and structured the 'Schedule of Repayment'. The DFI accepted the first cheque (upfront payment), which triggered the repayment schedule, as per the offer and later 2nd installment was also duly paid in cash. Thereafter, 11-installments were duly paid by the company i.e. from May 2016 until March 2017, after	House Building Finance Corporation versus FDIBL	10/23/2009

	adjusting the value of securities, which were to be released as per the order of SCP (but were not released by DFI). Later DFI has filed a fresh case in the High court, and Court has passed an order to sell the attached securities in the market. In the year ended 30 June 2018, the Company had reserved markup up to Rs. 62.49 million based on legal advice for which SECP Order states that it is inappropriate. But, since as per the Legal Opinion; the case has been settled as per the order of Honorable Supreme Court, therefore in the current accounts; the mark-up has been determined as per the rate used by an independent firm i.e. JCR-VIS (the credit rating agency). This is an acceptable and justified rate, because it can be verified / recalculated from books of account of HBFC as well. The sum as per aforesaid calculation i.e. as per JCR continues to reflect as accrued liability in the Company's account. The legal advisors have confirmed that FDPL has a strong case on merits and the constitutional petition continues to be actively pursued before the Honourable High Court of Sindh.		
v High Court Sindh of Karachi	The suit has been filed by the Plaintiff bank under the provisions of the Financial Institutions (Recovery of Finances) Ordinance, 2001 and sought the recovery of Rupees 896,926,626 from (i) New Allied Electronics Industries (Private) Limited (Defendant No. 1) (ii) Mian Pervaiz Akhtar (Defendant No. 2) (iii) Mr. Abdul Rauf (Defendant No. 3) and the Company (Defendant No. 4). The underlying transaction for the suit is a privately placed Musharaka facility in the sum of Rupees 750 Million provided to the Defendant No. 1 by the Plaintiff and other investors. The guarantee that is the subject of the claim against the Company is the Modified and Restated Bank Guarantee (No. FDIB/NAEL/019/2007) dated 14 December 2007. The leave to defend application filed on behalf of the Company has been allowed by the Honourable Court. The Company has now filed an application for rejection of the plaint in view of the leave granting order, which is currently pending hearing. Based on the opinion of legal advisors, there is a strong likelihood that the suit will be dismissed.	Bank Islami Vs. New Allied Electronics Industries Pvt. Ltd. & Others	12/10/2009
vi High Court Sindh of Karachi	A suit was instituted by the Bank of Punjab on or about 10 March 2010 and seeks the recovery of Rupees 193,217,649 from AMZ Ventures Limited. The Company has been joined as a defendant on the basis of certain guarantees issued by it. The Court has been informed by counsel for AMZ Ventures that AMZ Ventures has been wound up; hence the suit cannot proceed without the liquidator seeking permission of the Court. In our view, there is a strong likelihood that the suit will be dismissed or otherwise leave to defend will be granted to the Company. The position remains unchanged from the prior year.	Bank of Punjab Vs. AMZ Venture limited and others	3/10/2010
vi Lahore high Court	A suit was instituted by the National Bank of Pakistan for recovery of Rs. 106,924,484. No relief has been sought against the Company and it has been joined as a pro-forma Defendant No. 15 as it is a joint pari-passu charge holder on certain properties belonging to Amtex Limited. The charge recorded in favour of the Company is in the sum of Rupees 454,000,000. The Company has prayed that the properties subject to the charge may be protected if any order is passed by the court in favour of the Plaintiff. The position remains unchanged from the prior year. These activities are exposed to a variety of financial risks which mainly includes market risk, credit risk and liquidity risk.

The Company's directors and management are responsible for ensuring that financial risk-taking services are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with Company policies and Company risk appetite. The Board of Directors reviews and agree policies for managing each of these risks.

FIRST DAWOOD PROPERTIES LIMITED

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

The Company's financial assets comprise of finance lease, long term and short finances, placements, long term and short term investment, other receivables and cash and bank balances. The Company's principal financial liabilities comprise loans and borrowings, deposits and trade and other payables. The main purpose of these financial liabilities is to raise finance for the Company's operations.

The Company's exposure to the risks associated with the financial instruments and the risk management policies and procedures are summarized follows:

45.1.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as profit rates, foreign exchange rates and equity prices. Market risk comprises of three types of risk: interest rate risk, currency risk and other price risk.

45.1.2 Interest rate risk

Interest rate is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk as a result of mismatches or gaps in the amounts of assets and liability that mature or reprised in a given period. The Company manages the risk by matching the reprising of assets and liabilities.

The Company's exposure to the risk of changes in interest rates relates primarily to the following:

	2026	2025
Financial assets as per statement of financial position	(all amounts in PKR)	
Financial Assets		
Bank balances	13,028,984	5,349,447
Financial Liabilities		
Long term loans and related current portion	163,078,906	145,340,905
Short term borrowings	49,774,280	49,774,280
	212,853,186	195,115,185

Financial assets as per statement of financial position

Financial Assets

Net Investment in finance lease	12,177,632	6,991,652
Long term finances	54,243,016	54,222,575
	66,420,648	61,214,227

Management of the Company estimates that further decrease of 100 basis points in the market interest rate, with all other factors remaining constant, would decrease the company's profit by Rs. 0.75 million (2025: Rs. 1.3 million). However, in practice, the actual results may differ from the sensitivity analysis.

Management is of the view that the above sensitivity analysis are not representative of the year as a whole, since the level of exposure changes frequently as part of the interest rate risk management process used to meet the Company's objectives.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2026

45.1.3 Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instruments will fluctuate because of changes in foreign exchange rates. As the Company does not have any foreign currency asset and liabilities. therefore, the Company is not materially exposed to foreign currency risk as at June 30, 2026.

45.1.4 Price risk

Price risk is the risk of volatility in the value of financial instruments resulting from their dependence on market sentiments, speculative activities, supply and demand for instruments and liquidity in the market. The value of investments may fluctuate due to change in business cycles affecting the business of the Company in which the investment is made, change in business circumstances of the Company, its business sector, industry and / or the economy in general. The Company's Executive Committee reviews and approves all investment related decisions.

45.1.5 Credit risk is the risk that counterparty to a financial instrument will cause a financial loss for the Company by failing to discharge its obligation. The Company's policy is to enter into financial contracts with reputable counter parties in accordance with the internal guidelines, offering document and regulatory requirements. The table below analyses the Company's maximum exposure to credit risk.

	2026	2025
	(all amounts in PKR)	
Net investment in lease finance	12,177,632	6,991,652

Cash and bank balances	13,028,984	5,349,447
	98,144,528	98,045,964

Concentration of credit risk exists when changes in economic or industry factors affect the group of counterparties whose aggregate credit exposure is significant in relation to the Company's total credit exposure. The Company's portfolio of lease and other finances and receivables have been classified as loss and the carrying value are reported as per NBFC Regulations, 2008. However, the Company filed recovery suits at different forums against the non-performing parties.

Credit risk on bank balances is limited as they are maintained with foreign and local banks having good credit ratings assigned by local and international credit rating agencies.

46 CAPITAL RISK MANAGEMENT

The Company's objective when managing capital is to safeguard the Company's ability to continue as going concern so that it continues to provide returns to the shareholders and other benefits to the stakeholders. The Company manages its capital structure by monitoring return on assets and makes adjustment in the light of changes in economic conditions. The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide adequate returns for shareholders and benefit for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital and to comply with the capital requirements of NBFC Regulations, 2008 issued by SECP.

Consistent with other companies in the industry, the Company monitors the capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings less cash and bank balances. Total capital is calculated as equity as shown in statement of financial position and plus net debt.
